A Newsletter distributed to Community Groups in Whanganui and surrounding Districts
Issue 230 — May 2022

Kia Ora

Hope everyone is well and coping ok with getting out of bed on these colder mornings!

Anne and I have resumed normal office hours now we are back in orange after working alternate shifts over the Omicron outbreak. We no longer require access by appointment and our building is back open to the public. We have all noticed and commented on how nice it feels to have people, movement and noise in the building again.

As you may be aware, Community House Whanganui holds and maintains the database of around 875 not-for-profit organisations in our region organisations.communityhouse.org.nz.

We do our best to contact organisations to make sure details are current (at least once a year, or as required if we receive information that something may have changed), however we may not always be aware. If you do have changes within your organisation please contact us so we can update this to ensure we hold the correct information for you.

Take care and stay safe Shelley

Teaching your teen to drive made easy

Learning to drive can be a stressful and nerve-wracking experience, not just for the learner but also for the parent or coach. Waka Kotahi and ACC have developed [Drive](#), an online hub with all the tools learners and coaches need to get through the learning process together.

Drive is primarily designed to help young people become confident, capable drivers, and provides clear guidance throughout their journey from before they get their learner's licence through to getting their full licence. However, parents and coaches can also take advantage of lots of hints and tips to take all the stress out of teaching someone to drive.

Drivers between the ages of 16 and 24 are most at risk of being in road crashes; they make up 13% of licence holders but represent 30% of serious injuries on our roads, and more than 25% of fatalities. Drive has been developed specifically for this age group and is a free, learn-to-drive programme that helps young people get their licence and develop the right habits for a lifetime of safe driving.

For more information you can also have a look at [Teaching your teen to drive made easy \(acc.co.nz\)](#)

**Have you heard
this saying?**

The **Positive Lifestyle Programme** offers you the choice to look at your 'lemons' (negative life experiences) through a positive lens!

It's about making something 'good' out of your 'not so good' experiences!

This is what The **Positive Lifestyle Programme** invites you to do. In weekly 1-hour sessions participants are encouraged to consider aspects of their lives in a non-invasive, non-judgmental way.

We consider the 'lemons' of **stress, grief and loss** through a positive lens and have the opportunity to 'make lemonade' by developing your **self-awareness, self esteem and resilience, communication and conflict resolution skills** and **set goals** for the future.

Interested? Want to find out more?

ECE Participation Programme

The Early Childhood Education Participation Programme will provide free support, advice and guidance to families and whānau with children who are not currently participating in Early Childhood Education (ECE).

We will help your families and whānau to:

- Develop and work together to achieve early learning goals for your children, set in your home and at an ECE service.
- Identify the early childhood education service that supports your needs and aspirations including the identity, language and culture of your children.
 - Transition your children to school.
 - Identify and establish a relationship with an appropriate school.
- Support or advocate for issues and needs that impact you and your family, to be addressed by the appropriate government agencies.

ECE helps develop the building blocks for the rest of a child's life and learning. Research shows that intensive and regular participation in quality early childhood education delivers long-term educational benefits for children and society.

MH101®

Giving people the confidence to recognise, relate and respond to people experiencing mental health challenges

About the workshop

Blueprint for Learning training reflects a philosophy of recovery and empowerment using best practice to help people become full and active members of their communities.

Our workshops use adult education principles, with a variety of activities, videos and teaching tools to cater for different learning styles of participants. In addition, our expert facilitators bring a wealth of professional and personal experience to the topics covered.

Participants will receive a workbook with MH101 notes, additional reading, a directory for support and assistance, and access to a post-workshop e-learning module to assist them to apply what they have learnt.

The Ministry of Health funds a number of workshops throughout the country each year. Participant numbers are limited to five per organisation per workshop. Contact us to check your eligibility.

The workshop is also available for purchase.

“The facilitators were working hard to make their workshops more relevant to the workshop because the facilitators had first-hand experience in the field, and it added a realistic component to their stories”

Learning outcomes

After attending MH101 participants will be able to:

- recognise signs of positive mental health and of mental health challenges
- use the Helpline Tapes to support mental wellbeing
- relate to what people with mental health challenges are experiencing
- respond supportively to mental distress

Topics covered in MH101 include: signs and warning, mental health challenges, skills, trauma, supportive networks and protection, building a connection, sharing your concerns, when to get help and social support.

Across the year, across the country

MH101® can be delivered anywhere in New Zealand, at your place or ours.

We can accommodate up to 25 participants in a face-to-face workshop (9am-4:30pm) or webinar series (over three sessions); individuals can register to attend a community workshop in your region or for a webinar series through our website.

Blueprint for Learning can run MH101® for a specific industry or workplace as either a face-to-face workshop or webinar series. We will work with you to understand your industry and the people who will be attending.

Evaluation and reports

Organisations that purchase MH101® will receive an impact report. This contains the outcomes of the workshop captured through participant evaluations. It is a great tool to show how useful the training was.

This data can also be used to better understand the needs of your workforce and to support wellbeing initiatives within your organisation.

“I came away feeling encouraged and empowered. There is hope and I don't have to be an expert to make a difference”

It's an investment

MH101 is designed to enable you to recognise, relate and respond to people experiencing distress or those in need of mental health support - both at work and in everyday life. It also provides valuable skills on how to look after your own mental health and wellbeing.

Delivered face to face or by webinar, MH101 workshops are an investment in the lives and futures of individuals and organisations, as well as our communities.

Highest quality learning

Blueprint for Learning is one of New Zealand's largest training providers in mental health and addiction, dedicated to both workforce development and community training projects.

Our team has delivered more than 1300 workshops to over 30,000 participants since 2008.

Blueprint for Learning is an NZQA accredited Private Training Establishment. We have the highest quality Category 1 External Education and Review rating in education achievement and self-assessment issued by NZQA.

THE WOMEN'S NETWORK

The Women's Network has been enriching the lives of women and their whanau in Whanganui for 35 years. There is no criteria for walking in the door, simply come in because you can. Or, if you're experiencing some of life's bumps, we can have a chat and see what plans we can put in place to enable you to move through this and achieve your goals. All welcome.

Winter Wonderfest: Our seventh annual Winter Wonderfest is coming up from 30 July to 13 August so consider this your personal invitation to feature in it. We are really keen to hear from wahine toa who wish to share an hour [or two] of personal power by running an activity...it might be sharing a lived experience, some skills or talents, or a performance or workshop. There's also space to showcase awesome men who empower women by doing inspiring things in the gender equity space. Email us your expression of interest by 31 May if you'd like to be involved.

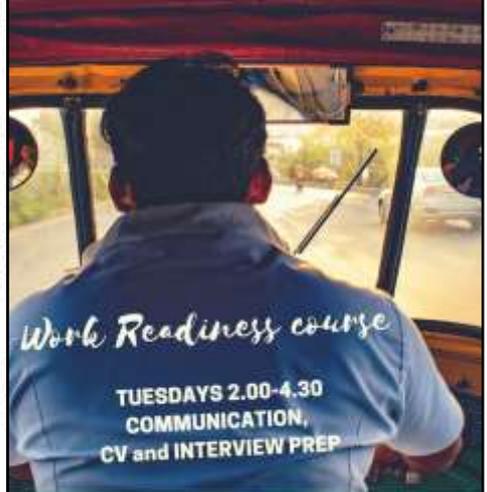

Terrific Tuesdays: Tribal Bellydance classes are fun! This style of dance is earthy and grounding, with walks and steps that fit your body. This rich, empowering, vibrant and dynamic world brings echoes of ancient dance to the modern woman. Join in the fun on Tuesdays from 11am-12pm for all levels of experience. Cost \$35 for 6 sessions or \$10 per class. Ph/txt Jill 021 141 4257. Wiggle and giggle to a dance with a difference!

Yoga: Emma from Embark Yoga is delivering an exciting range of all age yoga activities from our space. To check out her timetable or find out more about the classes on offer, email Emma: embarkyoga@gmail.com or visit her Embark Yoga Facebook page for regular updates.

Services: We are here to cheerlead for you. This is particularly important during a time when we have all been impacted by Covid-19 in some way. We can assist with making personal action plans, compiling CVs and job application letters, developing strategies to improve communication and get on track, as well as supporting you through any challenging or changing times in your personal, work or family life. We continue to provide free pregnancy testing and sexual health information/referrals, and we're a good place to "drop in" for general community info and advice.

Contact us: Drop in and see us in the Ladies' Rest Building [next to the Royal Wanganui Opera House] at 75 St Hill Street from 10am-2pm weekdays, apart from Tuesday when we open from 10am-noon; and Monday by appointment only. Appointments are available between 9am-4pm weekdays so feel free to call us on 345 6833 or email: womnet.whanganui@gmail.com Check us out on Facebook too if you're a social networking buff, we'd love you to be a friend on our La Fiesta NZ, Winter Wonderfest Whanganui, and Women's Network Whanganui pages! You can find us on Instagram too.

SURVIVING GRIEF

KEI TE TAHA | ALONGSIDE
PEOPLE SUPPORTING PEOPLE

- The aim of this loss and grief programme is to provide support to people through bereavement.
- Trained volunteers will listen and encourage in a non-judgemental way.
- Confidentiality will be respected.
- The service is open to adults 18 years and over who are at least 6 months into their grief journey. However, a trained volunteer is available if personal support is needed before this timeframe.

Surviving Grief is an education programme which explores the effects of change, loss and grief within the safety and support of a small group setting.

The programme consists of

4 sessions held weekly,
each lasting 2 hours.

Two further follow up sessions
are held within the following three months.

Surviving Grief is based on the work of William Worden, who says that healthy grieving involves a number of tasks.

Each of the first four sessions will focus on one of Worden's four tasks of grief:

1. To accept the reality of the loss
2. To work through the pain of grief
3. To adjust to an environment where the deceased is missing
4. To emotionally relocate the person and reinvest emotional energy into life

MARGARET WATT CHILDREN'S TRUST INCORPORATED

Applications are invited for grants from this Trust. The aims of the Trust are to assist New Zealanders aged 6 - 20 years in their training for life.

Applications for grants must be received on the official form obtainable from the Trust, PO Box 358, Whanganui, telephone (06) 345-4292, or email max.barbara@inspire.net.nz. An information leaflet will be included. Successful applicants will be required to complete an evaluation of the outcome of their project.

Applications close on 31 July 2022.

Be informed and get involved with Antenno!

Whanganui District Council has a new mobile app, Antenno, that allows you to receive alerts and notifications about places and topics you care about, such as water shut-offs near your home or closures at your local sports ground. You can also use Antenno to report issues or submit ideas to the council.

Install Antenno now - it's free to download.

Kia ora Whanganui Let's make a difference together

Last year Whanganui district councillors voted to bring in kerbside recycling from mid-2023 and kerbside food waste collection from mid-2024. We've now got more details on the services and we'd like your feedback before we amend our long-term plan to include the services and put funding in place for them.

From
1st JULY 2023

Kerbside recycling?

It's easier. We can all join in to make sure Whanganui's doing its bit for the environment.

estimated at
\$2.58
weekly

Collecting plastics 1, 2 and 5, glass jars and bottles, aluminum and steel cans and paper and card.

From
1st JULY 2024

Kerbside food waste?

It's climate action. Food scraps chucked in the rubbish bin rot at the dump and put out greenhouse gases. Let's turn it into compost instead.

estimated at
\$1.17
weekly

Collecting food scraps, cooked food, meat, dairy, fish and some compostable packaging.

Which households?

Only households in the collection areas would pay - that's the Whanganui urban area, Fordell, Marybank and Mowhanau villages.

Whanganui Regional Health Network

The sexual health clinic is conveniently located within the Whanganui Hospital, out-patient department on the ground floor and is a FREE to all and confidential specialist service.

We are a team of specially trained Doctors and Nurses who provide a service that is non-judgemental and user-friendly. We provide free condoms and give information and advice on sexual health matters.

You can ask any question you have about your sexual health. This service is a walk-in clinic.

The walk-in clinic is open on a **Thursday from 4.45pm-6pm** and we have a first come-first serve system, which means we cannot promise you will be seen if you arrive later in the clinic, on a busy day.

You can ring, text or leave a message on our cell phone **021 323 077**.

Our clinic offers **FREE**:

- Consultations
- Condoms
- Diagnosis and management of:
 - Sexually Transmitted Infections (STIs), including Syphilis and HIV.
 - Other related genital problems including genital skin conditions and genital pain.
- Specialist services upon GP referral.
- Consultation and advice on other sexual and reproductive issues.
- Pre-exposure prophylaxis for HIV (PrEP)

Could you hear your smoke alarm if there was a fire?

All conventional smoke alarms in New Zealand emit a high pitched sound which can be difficult for people with age or noise related hearing loss to hear, especially when their hearing aids are removed at night for sleeping.

If you, or someone you know has a hearing loss it could be worthwhile checking if they can hear their conventional smoke alarm especially during the night.

If not please email [Life Unlimited Hearing Therapy](mailto:Life.Unlimited.Hearing.Thery@lifeunlimited.co.nz) or phone **0800 008 011** for a free assessment.

Our hearing therapists are qualified assessors for this specialised equipment.

There is some funding available where specific criteria are met.

Rent Arrears Assistance

If you're going to lose your housing because you can't pay your overdue rent, you may be able to get Rent Arrears Assistance.

- You don't need to be on a benefit to qualify for this help.
- It depends on your income and assets.
- It's a one-off payment.
- You'll need to pay the money back.

Who can get Rent Arrears Assistance?

You may be able to get Rent Arrears Assistance if you:

- have overdue rent you need to pay
- may be evicted because you haven't paid your rent
- will be able to stay in the house after you pay the overdue rent.
For example:
 - your tenancy isn't about to expire
 - you can afford to keep paying the rent.
- have signed the tenancy agreement (or you're a tenant by way of a Family Violence Act order).

You also need to be:

- 16 or older
- living in New Zealand and intending to stay here

- either:
 - a New Zealand citizen, or
 - a permanent resident living in New Zealand for more than two years, or
 - getting a main benefit, like Jobseeker Support.

It also depends on your income and assets.

What you can get

How much you get depends how much rent you owe. The most you can get is \$4,000 and you'll need to pay it back.

You can only get this payment once in 12 months, unless there are exceptional situations.

If your application for rent arrears assistance is approved, we usually pay the rent arrears to your landlord.

How to apply

- Call us on 0800 559 009
- If you get NZ Super or Veteran's Pension, call 0800 552 002
- If you get a Student Allowance or Student Loan, call StudyLink on 0800 88 99 00.

We'll talk about your situation and book an appointment for you to apply.

Whanganui

Budget

Advisory

Service Inc.

The Whanganui Budget Advisory Service has been providing top quality, free confidential and non-judgmental budget advice to family / whanau and individuals in Whanganui for over 50 years.

We have seen an increase in the number of people struggling to manage their finances. Reduction in hours of work, increased prices of the 'basics', years of easy credit, etc, mean incomes are less than expenses. Financial burdens impact on every part of our lives, health, relationships, education, etc. We encourage anyone who is experiencing financial difficulties to contact our service as soon as possible. We accept referral from other community organisations, and are happy to work in conjunction with other groups. Our Financial Mentors can create a budget plan, contact creditors, review payment options and explore alternatives. They liaise with departments such as Work and Income and may also refer to other community organisations.

Budgeting assistance aims to remove some of the stress, developing workable plans, giving or restoring the clients' independence in money management and helping to build financial capability and resilience.

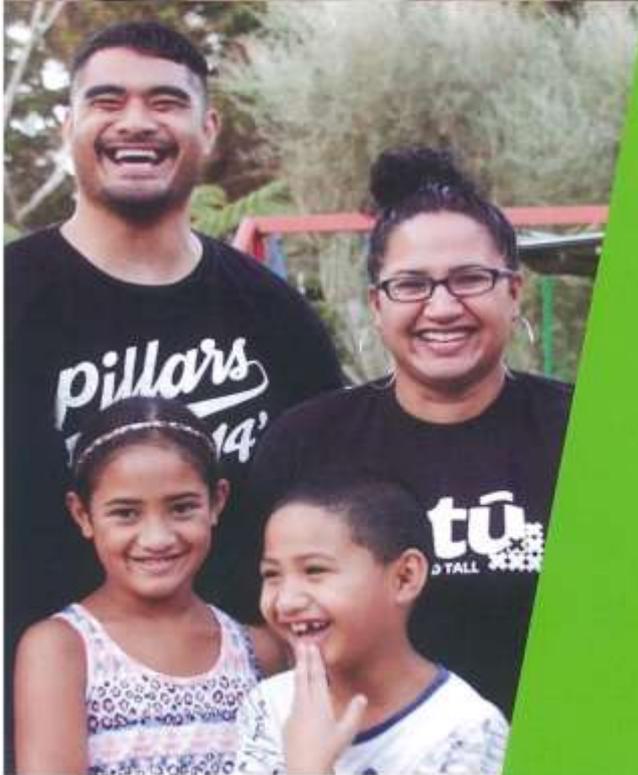

If you would like some budgeting advice, please contact our office on 06 345 3746 or 027 2433 362 or email wbas@wbas.org.nz (office hours Mon- Fri 9am – 2 pm)

We are currently seeking more volunteers to join our Governance Board, for more information, please see the above contact details.

The Free To Be Me programme provides an opportunity to:

- Express your feelings about what has happened in a constructive and safe environment.
- Increase your understanding of why abuse occurs and how to protect yourself from now on.
- Gain new insights into control issues within relationships.
- Assist you to move on in your life in a positive, safe direction.

Topics for the programme are:

- ❖ Protection Orders and Safety Plans.
- ❖ Power and Control in relationships.
- ❖ Nature and Effects of Abuse.
- ❖ Impact on Parenting and Children
- ❖ Labelling and Expressing Feelings.
- ❖ Effective Communication and Conflict Resolution.
- ❖ Respectful Relationships.
- ❖ Self Esteem.

“FREE TO BE ME” CHILDREN’S PROGRAMME

Programmes have been designed to cater for children, 5-13 Years, who have witnessed family violence.

The programme aims to help children process and understand the violence and abuse that they have witnessed or experienced. They will learn strategies to keep themselves safe. The programme also provides an opportunity for the children to express their feelings about what has happened in a constructive and safe way.

Sessions cover such topics as:

- ❖ Effects of abuse.
- ❖ Labelling and expressing feelings appropriately.
- ❖ Non violent conflict resolution and problem solving.
- ❖ Coping with change, building resilience.
- ❖ Safety Planning.
- ❖ Self Esteem.

KIDS’ CARERS PROGRAMME.

The parents and/or caregivers of the children who attend our "Free to be Me" children's programme are expected to attend weekly adult sessions to support their children. You will receive the exact same information that the children are, resulting in parents/caregivers being on the same page as the children. Everyone learning at the same time helps to bring about helpful changes within in family.

Growing Together Parenting Programme

A relaxed and informative group parenting programme. If you are interested in building stronger relationships with your kids. If you want to be the best parent or carer you can be.... Then Growing Together could be for you!

- Developmental ages and stages • Positive communication • The four parenting styles • The temperaments of your kids • Modelling behaviour you want
 - Setting boundaries, routines, structure and discipline • Managing your own, Emotions.
- You'll identify your own, parenting strengths and challenges, and realise you are not alone!

Boundaries For Women Programme

This programme can help you develop healthier relationships and bring back your zest for life. It will support you to develop and maintain healthy boundaries in your relationships with partners, children, parents, family, whanau, friends and associates.

Topics include:

- What a boundary is and what it looks like in practice.
- How unhealthy boundaries can develop and how to change behaviours.
- How to communicate your needs clearly.
- Characteristics and indicators of healthy boundaries and limits.

Support Services

PERS+

The Personal Emergency Response System (PERS) consists of a pendant (neck or wrist) and a main alarm unit.

You can activate the alarm by pressing the pendant or the big red button on the unit.

PERS+ is connected to SECURELY®'s 24/7 Monitoring Centre via the cellular network so it doesn't need a landline to work. The main unit plugs into the wall power outlet, but it also has a battery in case of a power outage. Both the wrist and neck pendant run off batteries.

This system is designed to be added on, this is where the + comes in. We can add on to the main unit with other devices, such as Fall Detector Pendant, extra pendants, even smoke and flood detectors.

Family System

You can't always be there to watch your loved ones, but we can.

Our FAMILY system uses sensors to monitor daily activity with "rules" that send an alert if unusual activity is detected.

FAMILY can alert caregivers and family if a door has been left open for a long period, or at an unusual time. It can alert you if the fridge door hasn't been opened after a specified time, which may mean your loved one isn't eating or drinking.

Perhaps best of all, FAMILY sends you a text every morning to let you know your loved one is "awake and active".

Family members and/or nominated caregivers can discreetly monitor a loved one's activity and raise the alarm if something unusual happens.

Any alarm activation via the pendant or main unit goes directly to SECURELY®'s 24/7 Monitoring Centre.

Medical alarms that leave the others behind

SECURELY®
Enabling you to live with confidence and independence

Fall Detector Pendant

The Fall Detector Pendant automatically detects a fall and sends an alert to SECURELY®'s 24/7 Monitoring Centre.

It detects a change in acceleration brought about by a fall. Some epileptic seizures have a jerking motion that can also activate the Fall Detector Pendant.

The Fall Detector Pendant also has a push button alarm which you activate if you are able to.

The battery life of a Fall Detector Pendant is up to 2 years. If your battery runs low an alert is sent to our Monitoring Centre. We will at no charge send a replacement pendant out to you.

Like all of our pendants the Fall Detector Pendant is waterproof and we recommend that you never take it off, not even when you shower, as bathrooms are high-risk areas for falls.

GO

Our mobile medical alarm

We've got you covered inside your home, but what about when you leave your house to go shopping or on vacation? GO is our mobile medical alarm that you can take with you.

It works wherever there is reliable cellphone coverage and it uses GPS to help locate you in an emergency. It has 2-way communication so we can talk to you when you activate the alarm and find out how we can help you.

Once you activate your pendant, it works like any other of our alarms.

You will be connected to our 24/7 Monitoring Centre who will ask whether you need help. The monthly fee includes 24/7 Monitoring (365 days per year) and unlimited ambulances (if called for an emergency and you are transported to hospital).

At no extra cost, you can have the Fall Detection option (when worn as a pendant around your neck only) and you can choose to wear your pendant around your neck or attach it to your car keys.

GO is water-resistant and can be used in the shower or worn at the beach.

Contactless delivery

When you order GO, we'll call you to get everything sorted. GO will be couriered to your home (or work address), and we will help you get GO set up over the phone.

Call **0800 865 865** for a free no obligation quote and product demonstration.

SECURELY® is MSD accredited which means you may receive funding for a medical alarm if you are eligible.

Medical alarms for true independence

SECURELY[®]

Enabling you to live with confidence and independence

What happens when you activate your medical alarm?

How you activate your pendant and communicate to us is outlined in detail in the User Manual that came with your alarm.

Here's a summary of what happens when you press your pendant, or your Fall Detector Pendant is activated.

- Once your pendant is activated you will hear your Base Unit sound an alarm. This alarm goes through to our 24/7 Monitoring Call Centre in Levin where we have operators waiting to assist you.
- We will answer your call by asking if you have a medical emergency and need help.
- If we don't hear from you, we will send an ambulance to your home which we pay for if you are transported.
- If you can talk to us, tell us what is wrong so we can either send an ambulance or notify your emergency contact. If we can't notify your emergency contact (which we listed when we first talked to you) we will send an ambulance which we pay for if you are transported.

Cancelling your alarm

If you pressed your pendant by mistake or your Fall Detector Pendant activated by mistake press the CANCEL or RESET button on your Medical Alarm Base Unit. We have more than one type of medical alarm so check your User Manual on how to do this.

If you don't manage to cancel it quick enough and it activates your Base Unit,

don't worry, let us know when we talk to you that it's a mistake. We will use it as an opportunity to test your alarm strength and check your contact details are up to date.

Paying an ambulance bill

If you are transported to hospital in an ambulance for an emergency, we will pay for it. There is no limit to how many ambulances we pay for (unless you live in a Retirement Village which could have a different agreement with us).

When you receive your ambulance bill post it to us at:

SECURELY
FREEPOST SECURELY
PO BOX 947
TAURANGA, 3140

Or you can email us a copy of the invoice to info@securely.nz or you can visit our website and attach a photograph or scanned copy of your invoice on our Contact Us page.

Pendant Testing

We recommend you test your pendant every month. This gets you familiar with using your pendant and talking to us via your Base Unit. The pendant test allows us to make sure your pendant is working correctly and to check your contact details are all up to date.

When testing your pendant, press and hold the activation button. When your Medical Alarm Base Unit receives the signal it will make a sound to let you know. When you then hear one of our operators ask if you need assistance, simply tell them you are testing your alarm.

When you go away

If you are away for more than a few days let us know by pressing your pendant. When we contact you through the Base Unit tell our operator you are going away and when you expect to be back. That way, if we can't get hold of you, we won't send an ambulance.

What happens if you need a new battery or something isn't working as you think it should?

Call us on 0800 865 865.

If you need a new battery for your pendant, we will arrange for a replacement at no cost to you.

What happens if you lose your medical pendant?

Call us on 0800 865 865 to arrange a replacement.

You don't have to be GRUMPY but it helps

Workbridge is a specialist employment service that works with people with all types of disability, injury or illness. We are about recognising and strengthening ability rather than focusing on disability. This means the people we promote for a vacancy will have the necessary skills and attitudes for the job.

We work at no cost for jobseekers and employer to match abilities with employment.

For Jobseekers:

We work with people who have been living with the effects of their disability, injury or illness for more than six months.

You can approach us directly or you can also be referred. We can assist with setting your work goals and reaching them, building your job search skills, including how to apply for jobs, polishing your interview skills and preparing a current CV.

For Employers:

We can help your business access the massive untapped talent pool of people with disabilities looking for work. International research shows disabled people often demonstrate excellent problem-solving skills, have low absenteeism, stay in jobs for longer periods and cost similar amounts to employ to anyone else.

Workbridge will assist you by taking the time to understand your business and meeting your recruitment needs, putting forward people with the necessary skills and attributes for your job, whether it's full time, part-time or casual, support you to build a positive and diverse workplace and helping you access disability-related workplace support where needed.

Please call 0508 858 858 for more information on how we can help.

We provide Counselling and Family Therapy to individuals, couples and families in the wider Rangitikei district. This geographical area covers the rural towns of Marton (where we are based), Hunterville, Turakina, Ohingaiti, Mangaweka, Taihape and Bulls.

We are an incorporated society managed by a committee of local people. We receive funding to keep our service functioning from a number of different sources which include government agencies and charitable trusts.

Clients can self-refer and we also receive referrals from professional and health services in the Rangitikei district.

Our counsellors are skilled and experienced with professional counselling qualifications, are Members of New Zealand Association of Counsellors (MNZAC) and have strong networks and connections within the Rangitikei area.

We ask our clients for a small donation of between \$5.00 and \$40.00 per counselling session depending on financial ability. However, if it is too difficult to make a donation we are happy to provide Counselling at no charge.

Got any symptoms?

Covid19.govt.nz/positive

Check for symptoms:

- Cough
- Temporary loss of taste
- Sneezing and runny nose
- Sore throat
- Fever
- Shortness of breath

Where to get a test: Get a test at a community testing centre. You can order a Rapid Antigen Test (RAT) online at requestrats.covid19.health.nz and collect from a collection site, which can be found on healthpoint.co.nz/covid-19.

Do the RAT: Follow the packet instructions. Results will be visible 15 to 20 minutes after you complete your test.

No symptoms? Unless you are a household contact, there is no need to get a test.

Organise a test and isolate from the rest of your household.

How to self-isolate

Covid19.govt.nz/positive

Household contact: While isolating, your household contacts will need to be tested.

- You and everyone who lives with you will need to isolate.
- Take common-sense precautions to avoid any contact with those you live with.
- Food and supplies must be delivered contactlessly.
- You can exercise outside your home in your neighbourhood, but not at any shared exercise facility, such as a swimming pool or gym.

How to wear a face covering safely

Putting on a face covering:

Clean your hands.
Before you put on your face covering, wash and dry your hands or use hand sanitiser.

Check your face covering.
Make sure it is clean, dry and not damaged.

Put on your face covering.
Place the face covering over your nose, mouth and chin, and place the loops over your ears to hold the mask in place.

Replace the face covering if it becomes damp, damaged or dirty.
Dispose of single-use face coverings in a rubbish bin. Restore your reusable face covering in a plastic bag until you can wash it.

When wearing a face covering you should avoid:

Touching the front of your mask.

Touching your face.

Moving your face covering.

COVID-19

Looking after your mental wellbeing

It's all right not to be all right. COVID-19 has had a significant impact on how we interact with others, our work, study and many other aspects of our daily lives. Everyone reacts differently to difficult events, and some may find this time more challenging than others.

It's understandable if you or your loved ones sometimes feel sad, distressed, worried or anxious. The ways people think, feel and behave are likely to change over time – we all have good days and bad days. So it's important to look after your mental wellbeing.

If you or those around you are concerned about your mental wellbeing, there are tools and information available to help.

If you're worried about how someone else is feeling, it's okay to talk about it. The best way to start is to ask them if they're all right. Just being there and staying connected can be a big help.

For access to food or essential items

We all need food and essential items such as medicine, so please don't try to go without. There are plenty of ways to get this to you.

Talk to your **family, whānau, friends, iwi and neighbours** to see if they could deliver essential items to you.

Try food delivery such as supermarket home delivery, food parcels, frozen pre-prepared meals, subscription food boxes (like My Food Bag and Hello Fresh) or any other whole-food delivery service.

If you need food urgently, your local foodbank may be able to help. Find them here:

Support for if you get COVID-19

Most fully-vaccinated people with COVID-19 are likely to have a mild to moderate illness and will fully recover in their own home, or in suitable alternative accommodation.

Care in the community is where people are supported by local care providers to ensure their health, welfare and wellbeing needs are met while they are recovering from COVID-19.

Why isolation?

Everyone who tests positive for COVID-19 and everyone who lives with them will need to isolate to help stop the spread of the virus.

There are two ways to self-isolate – at home or in suitable alternative accommodation, or in a managed isolation facility. Managed isolation facilities are in hotels in different locations across New Zealand where you can isolate for free, with your household for at least 10 days.

If there is another property that you have access to, or are provided, that is more suitable for self-isolation than your usual place of residence, you can self-isolate there instead.

Note: if you are seriously unwell you will receive hospital care.

Isolating at home

When you test positive for COVID-19 you will need to isolate in your home or in suitable accommodation for **at least 10 days** while you recover from COVID-19.

Everyone else in your home must isolate for **at least 10 days** while the COVID-19 positive person is recovering, and will be advised if further isolation is required beyond that.

While isolating

Do not:

- X leave the place where you are isolating
- X go to work, school or public places
- X go on public transport or use taxis
- X go out to get kai and medicine
- X have visitors in your home except for health or community workers who are providing essential care to you or someone in your household
- X go to a vaccination appointment. If you have a vaccination appointment scheduled either ring the booking line or go online to change your appointment
- X go out in a public place to exercise – only exercise at home.

Where possible, ask whānau or friends to shop for you, but do not bring them into the house. If this is not possible, order supplies online. Make sure any deliveries are left outside your home for you to collect.

Tips for keeping your whānau safe

To help reduce the spread of COVID-19, you should:

- Stay away from others in your home as much as possible. If you can avoid sharing rooms or beds or preparing food for others this will help reduce the chances of spread of COVID-19.
- As much as possible, open windows and doors to allow air to flow through your house.
- Wipe down surfaces used by others like bathroom taps and kitchen benches with soap, water and a cloth.
- Do not share dishes and cutlery, towels and pillows. Please do your own laundry if possible.
- Wash your hands often and cough or sneeze into an elbow or a tissue.

Medicines

If you need medication, contact your GP or your local community pharmacy who will make arrangements for your medication to be safely delivered to your home.

Health support while isolating

It is normal to feel anxious or stressed about isolating with COVID-19.

You will be provided a health contact person, who will contact you often to make sure that you and your whānau are safe and supported, and given a telephone number for 24 hour health support.

Key points of contacts for health support may differ across the country. Your point of contact may be an individual or a team that could include your general practice, primary care provider or a local community care provider.

Extra support

Many people will be able to manage with help from friends and whānau, but there is information and help available if you need it.

When you're told you need to isolate, you'll be asked if you need any support or help. Most people will be able to look after themselves. However, some people may need things like food and groceries.

Ministry of Social Development (MSD) is coordinating support, and connecting people with the right service to help them.

If you need help, MSD will connect you with someone. They may be from a local community organisation a government agency or marae-based services or support that iwi have established.

They will call you to talk about how they can help - so you and your whānau get the support you need to isolate.

If you are isolating and need support, you can call the COVID Welfare Phone Line on 0800 512 337. It's open seven days a week.

If you can't work from home

It's important you stay home until your test results come back. If you can't work while you are isolating, your employer may be able to apply for the **Short-term Absence Payment** to help them pay you.

If you test positive or need to isolate because you are a close contact, your employer may be able to apply for the **Leave Support Scheme**. It's to help them keep paying you if you can't work while isolating.

If you're self-employed and can't work while isolating, you can also apply for these payments.

More information can be found at workandincome.govt.nz/employer-covid-support

Please make sure you answer your phone, even if it's a private number.

For health support, call your health contact. **Call 111** if you need urgent help.

Go to Covid19.govt.nz for more information. It's data free - you don't need data on your phone or device.

Family Violence Support

WOMEN'S REFUGE

We work with women, children and families/whānau experiencing the effects of family violence by providing advice, support and advocacy, risk assessments and safety planning. We also provide safehouse accommodation for women and children at high risk of further harm and support women, children and families/whānau in the community.

Email: advocatesrefugewhanganui.org.nz

Our team journey alongside whānau and families to be safe, confident and proud in their relationships and parenting their children. We support whānau and families resisting violence, healing trauma, building safety, strengthening family relationships, enjoying parenting, and getting support you need from other services. Our services include social work support, parenting programmes, and family harm prevention programmes. We also provide information and advice to whānau and families who are not sure where or how to get help.

Website: jigsawwhanganui.org.nz/ / Email: jigsawwhanganui.org.nz

Provides free individual or group programmes for women and children affected by family violence; an eight-week parenting programme - a Boundaries course for women and general counselling for individual adults, couples, children, adolescents and families. There is a fee for general counselling but funding is available that may assist with this.

Email: familyworks-whanganui@pec.org.nz

Te Oranganui's Whanau & Community Services support whānau experiencing family violence. They support whānau to build resiliency and live nurturing and cohesive lives. Te Oranganui's other services also have a zero tolerance to family violence: Mental Health & Addiction, Disability Support Services, and GPs.

In an emergency call 111 and ask for POLICE. Family harm is a high priority for Police. Police take every opportunity to prevent harm and reduce offending and victimisation. Police is committed to a prompt, effective and nationally consistent approach to family harm episodes in collaboration with other agencies/iwi and with community partners. When Police attend a Family Harm Investigation they do so with "eyes wide open", which means working to understand the wider dynamics of family harm, the patterns of harm and the adverse circumstances in which they occur. It is not a private matter, it is a crime. Preventing and effectively responding to family violence is one of the greatest opportunities to improve the wellbeing and safety of our communities, and we all have a collaborative approach where Police partner with iwi, Community agencies and providers to meet the needs of our community and tailor responses based on what our community needs and wants. FLOW visits Whanau after the initial Police attendance. FLOW act as navigators, enabling Whanau to access the most relevant service that will assist them to be safe from harm.
