

Kia Ora,

The Winter Energy Payment started on 1 May 2026 and goes until 1 October 2026. For those who are eligible, the Winter Energy Payment is an extra payment to help with the cost of heating your home over the winter months. You don't need to apply – if you're eligible, you'll get the Winter Energy Payment automatically along with your other regular payments from Work and Income.

As we move through Autumn and head towards Winter, support like the Winter Energy Payment can make a real difference—but so can simple acts of connection. A quick check-in, a shared cuppa, or a kind word can brighten someone's day.

Community is built in these small moments. As the colder months approach, let's look out for one another and keep Whanganui warm in more ways than one.

In Other Words

In Other Words tells the story of Arthur and Jane, whose lifelong love is challenged by the onset of Alzheimers. Connected by the timeless music of Frank Sinatra, this intimate, humorous, and deeply moving play explores the power of music to help us remember, reconnect, and hope.

Starring acclaimed real-life couple Jennifer Ward-Lealand and Michael Hurst, this award-winning two-hander by UK playwright Matthew Seager has won four Molière awards for its sensitive portrayal of dementia.

FOR IMMEDIATE RELEASE - 20TH APRIL 2026

Whanganui Pride Week returns for its eighth year!

Pride Whanganui is proud to announce the return of Whanganui Pride Week 2026, running from Sunday 14th to Saturday 20th June—marking the 8th annual celebration of our vibrant LGBTTQIA+ community, and the second year we've brought Pride into the heart of Winter.

For the second year in a row, Whanganui Pride Week opens with a powerful and visible statement: our Pride Hīkoi will take to Victoria Avenue on Sunday 14th June, bringing colour, connection, and unapologetic presence right down the main street. It's a reminder that Pride isn't just a celebration; it's visibility, it's resistance, and it's belonging.

We'll close the week on a high with a full day of celebration on Saturday 20th June, featuring Youth Fest, Pride Markets, and the Pride Party; three events, one shared space, and a whole lot of energy.

Returning once again is our world-renowned Pride Art Exhibition, hosted at the Whanganui Community Arts Centre on Taupō Quay. This exhibition continues to showcase incredible talent from across Aotearoa, with past works purchased not only nationwide but also internationally, including buyers from Australia and the United States. It's a space where queer creativity thrives, stories are told, and artists are seen.

As we did last year, this year's Whanganui Pride Week follows a refreshed, community-powered model inspired by La Fiesta, curated by the Whanganui Women's Network. That means you create the events, and we back you; with promotion, support, and guidance. Pride Week belongs to the whole community, and we're here to help bring your ideas to life.

We're now calling for:

- Organisations and businesses interested in being part of Youth Fest and Pride Markets
- Artists who want to exhibit in the Pride Art Exhibition
- Community members and groups keen to host their own Pride Week events

Event hosting applications close at the end of April, so now is the time to get involved.

Pride has always been about more than rainbow flags and good vibes. In a world where many in our community still face discrimination, isolation, and invisibility, Pride Week matters. It creates space for connection, joy, protest, and pride in who we are. It reminds people, especially our rangatahi, that they are not alone.

Get involved. Show up. Be seen.

For more information or to register your interest, message Pride Whanganui on Facebook or Instagram or email our Events Coordinator at outreach@pridewhanganui.co.nz

NEIGHBOURS
AOTEAROA

People connecting in neighbourhoods

Neighbours Aotearoa is all of us. It's about connecting to the people in your neighbourhood. It's about neighbours knowing each other and working together to do what's needed for their communities.

Involvement matters! A friendly wave, sharing tea, or hosting a neighbourhood party—you can get involved in many ways based on what's happening in your life and neighbourhood.

Neighbours Aotearoa happens all year round.

March is the big campaign month where we encourage streets, apartment blocks, rural communities, neighbourhoods, and suburbs to connect, share, and celebrate.

For ideas, resources and inspiration, visit our website neighboursaotearoa.nz or email kiaora@neighboursaotearoa.nz

  neighboursaotearoa

Neighbour Aotearoa would like to gather feedback on what “neighbour” means to you. They are keen to hear from people across Aotearoa about what life in their neighbourhood is really like.

Community House has placed cards in their office for you to write your comments on, along with a drop box to return them. These are located just inside the office door on the counter.

Feel free to take a card with you if you'd like time to think about what to write, or you can fill one out while you're in the office.

Community House Whanganui office is located at 60 Ridgway Street, first floor, Room 102. Please feel free to come in and participate by sharing your feedback.

THE WOMEN'S NETWORK

The Women's Network continues to enrich the lives of women and their whānau in Whanganui, as we have done for nearly 40 years. There is no criteria for walking in the door, simply come in because you can. If you're experiencing some of life's bumps, you don't have to do it alone. Come and chat in a safe and supportive space with professional guidance. Together, we can work out a plan to enable you to move through the bumps and achieve your goals. **All welcome.**

WINTER WONDERFEST: EXPRESSIONS OF INTEREST NOW OPEN. Our festivals are made magical because of all of you. We are currently making plans for our 11th annual Winter Wonderfest from 11-29 August. We'd love you to be involved! So, if you'd like to offer an activity or event, know someone who does, or simply have some fun ideas that fit with the festival theme - 'connect, empower, inspire' - then get in touch before 11 June.

TERRIFIC TUESDAY. Tribal Bellydance classes are fun! This style of dance is earthy and grounding, with walks and steps that fit your body. Classes happen on Tuesdays from 11am-12pm for all levels of experience. Cost \$40 for 6 sessions or \$10 per class. Ph/txt Jill 021 141 4257. Wiggle and giggle to a dance with a difference! **On the third Tuesday each month we host our Women Who Lead inspo series** in partnership with Sport Whanganui and The Barracks. Join us from 5:30pm where we will showcase an incredible woman each month as our special guest for a truly amazing conversation. Free entry!

WOMEN ON WEDNESDAY. If you're a woman looking to meet other women who feel or live or alone, join us on **the first Wednesday each month** for a social meet up. There are 2 groups: 1:30pm at The Barracks or 5:30pm at the Women's Network. Koha welcome. Email us if you'd like to join our mailing list for updates.

YOGA + MASSAGE. Our activity partner, Emma from Sacred Nurture, delivers an exciting range of all age yoga activities with us and is also a trained and excellent massage therapist offering a range of treatments. If you are just beginning your yoga journey, or simply need some time for yourself, get in touch with Emma, email: sacrednurturebts@gmail.com

SERVICES. We are here to cheerlead for YOU, through the rough and the smooth. We can assist with making personal action plans, compiling CVs and job application letters, developing strategies to improve communication and get on track, as well as supporting you through challenging or changing times in your personal, work or family life. We continue to provide support and information for women's health, and we're a good place to "drop in" for general community info and advice. We also have a brilliant pre-loved clothing 'shop' that you're welcome to browse during our drop in times, including free period products.

CONTACT US. Find us in the iconic Ladies' Rest Building [next to the Royal Whanganui Opera House] at 75 St Hill Street. **'Drop in' from 10am-12pm on Tuesday; 10am-2pm Wednesday through Friday; and Monday by appointment only.** Appointments are also available between 9am-4pm weekdays so feel free to call/leave a message on 345 6833 or email: womnet.whanganui@gmail.com if you want to make one.

REPAIR CAFÉ INFORMATION

whanganuirepaircafe@gmail.com

for more info on available repairs – follow & share

Dear Repair Café visitor

If you cannot carry your repair item on your own, one of our skilled volunteers will assess it and advise if the repair can be undertaken on the spot. They can also offer advice for lengthier repairs.

The range of repairs possible is growing all the time: general repairs; mending for clothes and soft toys (no zips); books; costume jewellery; hard plastics; wooden items e.g. toys, stools, dining chairs; ceramics; shoes (patches) and leather goods; knife sharpening; small electrical appliances; and metal objects.

There is also a children's exploration station.

Our café will be open. You are welcome to buy a hot drink and something to eat while you wait.

Please contact us if you wish to join our happy team of volunteers – or know someone who might. Full training is provided!

Preschoolers and primary-school-aged children at Repair Café

Because children are the repairers of the future, they are welcome at Repair Café events all over the world.

In Whanganui, that means children may bring an item for repair, watch their item being fixed, and chat to repairers. They can also enjoy the Children's Exploration Station.

Dismantling a dead computer keyboard using a small screwdriver is one activity.

Sewing buttons onto fabric using a needle and thread is another activity.

Volunteers are trained to demonstrate to each child how to choose the appropriate screwdriver and assist them in undoing screws and putting them up again.

The most basic repairs start with needle and thread, a screwdriver, and a hammer.

The best time to arrive with children is between 11.45 am and 12.25 pm.

Caption: Five-year-old Levi likes wearing the safety glasses and using a screwdriver at the Children's Exploration Station.

Who are we?

We are a charitable trust improving computer access and skills in our community since 2010 with hubs in Marton and Rātana. We support digital inclusion for all and address the four elements of **motivation, access, skills and trust**.

- To be **motivated**, NZers must understand how the internet and digital technology can help them and have a reason to engage.
- NZers need **access** to digital devices, software and content they can afford, including connectivity, affordability and accessibility.
- NZers need **skills** i.e. the know-how to use the internet and digital technology in ways that are appropriate and beneficial.
- NZers need to **trust** in the internet and online services. They need digital literacy to manage their information and avoid scams and harmful information.

Who are we for?

Everybody, but especially those who are missing out, i.e. rural and isolated, young, old, low income, Māori and Pacifica

Anyone wanting to improve their computer skills or make their phone, tablet or computer work for them.

Improving computer access and digital skills in our communities

MARTON  **icthub**

What can we provide?

- Apple iMac and Microsoft Windows computers for you to use.
- a place to bring your own phones or tablets or computers for us to look at, or help you buy updated equipment.
- help with any pesky problems you are having.
- we can just do things for you, if you don't want to learn – upload, download, print or scan.
- a chance to learn at your pace, a little bit each week, as well as a hot drink and conversation.
- help with Word and Excel and any other programme or app you need for work or play.
- licenses with Ancestry for genealogists and Adobe Creative Cloud for graphic designers that you can use
- a space to book exclusively for your own group to meet for training or other purpose.
- a printer, laminator and 3D printer, tea and coffee facilities, TV and whiteboard.
- our manager can come to you for one-to-one training or business support for reasonable hourly fee.

We rely on donations and trust funding to continue to exist, so if you want us to be here when you have a problem, please use us now and consider making a donation. If you have specialist computer skills, you could donate your expertise or you could donate your time as a volunteer with us.

LET'S GO

Courtesy is paramount on our pathways, they are there for us all to share.

- Keep left to allow others to manoeuvre past you.
- Stay to the path, we share this environment with plants and animals.
- Cyclists beware there are slow moving pedestrians ahead, so keep your speed down, keep left and yield to other users.
- Ring your bell or say hello if you are coming up on someone.

Community – Business

Mission Statement | Small Business Mentoring

Our mission is to provide personalised, one-on-one business and financial mentoring programs, both in-person and online, to empower individuals and families throughout Aotearoa. We aim to help our clients set actionable goals, overcome challenges, and achieve measurable growth in both their personal and professional lives.

Start a FREE personalised one-on-one financial mentoring journey online or in person. This program is designed to help you and your Whānau navigate complex financial challenges.

Here are the areas in which we can assist you:

Budgeting, Debts, Payment of Fines, Work and Income Requirements, Utility Arrears, Checking Loan Contracts, Rent/Mortgage Arrears, Negotiation with Creditors/Debt Collection Agencies, Food Bank Referrals, Credit Checks, Hardship Applications, KiwiSaver Hardship Withdrawals, Inland Revenue Queries, Microfinance, Debt Consolidation, Debt Repayment Orders (DRO), No Asset Procedures (NAP), Bankruptcy.

Contact us today to discuss your financial goals with a qualified mentor, whether by phone, video call, in-person, or through our website. The choice is yours!

“Where there’s a WILL, there’s a way!”

WE URGENTLY REQUIRE NEW MEMBERS

Do you want to work alongside Whanganui Police to help build safer communities?

Do you have one day or night a month free to act as a volunteer?

If so, then you can help Whanganui Community Patrol make a real difference.

Community Patrols are made up of ordinary people who want to give something back to the community. These volunteers work alongside local police as "eyes and ears" carrying out both daytime and night-time patrols.

Police vetting and initial training would be required prior to commencement.

ECE Participation Programme

The Early Childhood Education Participation Programme will provide free support, advice and guidance to families and whānau with children who are not currently participating in Early Childhood Education (ECE).

We will help your families and whānau to:

- Develop and work together to achieve early learning goals for your children, set in your home and at an ECE service.
- Identify the early childhood education service that supports your needs and aspirations including the identity, language and culture of your children.
 - Transition your children to school.
 - Identify and establish a relationship with an appropriate school.
- Support or advocate for issues and needs that impact you and your family, to be addressed by the appropriate government agencies.

ECE helps develop the building blocks for the rest of a child's life and learning. Research shows that intensive and regular participation in quality early childhood education delivers long-term educational benefits for children and society.

PROTECT AGAINST MEASLES

Are your children under 5 protected against measles?

- Measles can be dangerous, particularly for children under 5.
- It spreads very quickly and in serious cases can lead to pneumonia and brain infection.
- About 1 in 10 people with measles need to go to hospital.
- In a small number of cases, measles can be fatal.
- Your child needs two doses of the measles vaccine to be fully protected.
- The first dose is given at 12 months and the second dose at 15 months of age.
- If your child is more than 15 months old and hasn't had both doses of the measles vaccine, talk to your doctor or nurse.

What is measles?

- Measles is a viral infection that is very contagious.
- It's spread through coughing and sneezing.
- Symptoms usually begin with high fever, cough, runny nose, and red watery eyes, then develop into a rash starting on the face and moving down the body.

How effective is the measles vaccine?

- The measles vaccination, also called the MMR vaccine, protects children against three viral infections – measles, mumps and rubella.
- The vaccine is very effective. After one dose, about 95 percent of people are protected from measles and after two doses more than 99 percent of people are protected.

How do I find out if my child has had their measles vaccination?

- Check if your child is up to date with their vaccinations by looking in their New Zealand Well Child Tamariki Ora (Plunket) book. Or check with your doctor.

New Zealand Government

HR6227 | Measles under 5 - ASFlyer | 15.09.22

To Whātu Ora
Health New Zealand

Are there any side effects from getting the measles vaccination?

- A small number of children may get a headache, fever, nausea (feeling sick) and feel unwell and tired.
- Some children might develop a rash.
- Most side effects only last a day or two.

Can a child older than 5 get a measles vaccination if they haven't had it already?

- People older than 5, especially young people who moved to New Zealand when they were older, may not have had their measles vaccination yet.
- It's important to get your measles vaccination no matter what age you are, since it's so contagious and spreads very quickly.
- If you're not sure if you've had your measles vaccination ask your doctor.

Getting your child's measles vaccine is easy and it's FREE

- Your child can get their FREE measles vaccination at your doctor.
- Many pharmacies also offer the measles vaccine too.

Talk to your doctor, Well Child Tamariki Ora Nurse or visit your local pharmacy for more information.

Anxiety and depression can affect people of all ages, regardless of culture, ethnicity, gender or socioeconomic factors. Every area of a person's life, and of those they are close to, may be impacted.

The magazine 'On My Mind' is a new resource developed for teens/young adults with someone they know affected by some form of mental illness, anxiety or depression, whether it be a member of their whānau, a friend, or even themselves.

'On My Mind' is an informative and interactive story for rangatahi - presented with modern graphic/comic style artwork. The magazine offers ways for a young person and their whānau to understand what is happening, 'start the conversation' and to find out where to get support and help.

The purpose of 'On My Mind' is to:

- Provide a better understanding of how mental illness can affect some people.
- Break down some of the barriers caused by mental illness.
- Encourage open discussion, kōrero, with whānau, friends and others who can offer support.

'On My Mind' is now available for \$5.00 per copy, (plus P&P).

Please don't hesitate to get in touch with me if you have any questions, or would like to order copies.

Support Services for Seniors

Enliven Whanganui's new Day Programme offers a warm, respectful, and engaging environment that helps older people stay connected, involved, and independent. This unique programme is designed for people who want more than just supervision — they want purpose, community, and the chance to continue contributing in a way that feels right for them. This is **not** traditional day care. It's a **life-affirming experience** centred on strengths, identity, and meaningful daily routines.

Who Can Join?

This programme is designed for:

- Older adults with memory loss, mild to moderate dementia, or cognitive changes
- Whānau looking for private day-time support or reliable respite
- Individuals at risk of isolation who would benefit from a safe, social environment

 We welcome private-paying participants. Referrals also accepted.

2026 Group Programme Summary

Supporting people with a diagnosis of dementia to stay connected and active

Group Outings (Mondays – once per month)

Our Group Outings are relaxed, enjoyable half-day experiences planned together with each group. Activities reflect individual interests, preferences and physical abilities, supporting social connection, mental stimulation and wellbeing. These outings also provide carers and whānau with valuable time for rest and recharge.

- **1st Monday:** Pāua Group
- **2nd Monday:** Tui Group
- **3rd Monday:** Fern Group
- **4th Monday:** Kiwi Group (Marton)

CST – Cognitive Stimulation Therapy (Tuesdays)

Time: 10:00am – 12:00pm

CST is an evidence-based, 7-week group programme for people in the mild to moderate stages of dementia. Sessions are fun, interactive and structured, using themed activities that support memory, communication, thinking skills and confidence. CST also promotes social connection and overall wellbeing.

CST Maintenance (Tuesdays)

Time: 1:00pm – 2:00pm

CST Maintenance is for people who have completed CST and wish to continue the benefits. The programme runs weekly for 26 weeks, helping participants maintain skills, confidence and connection.

CSP – Cognitive Stimulation programme (Wednesdays)

Time: 10:00am – 12:00pm

CSP is a new programme bringing together three of our existing groups into one strengthened group experience. It focusses on cognitive stimulation practices and physical exercises within a relaxed, social and engaging environment. CSP offers a natural transition from CST, though completing CST first is not required.

Schedule:

- 1st & 3rd Wednesday – CSP Whanganui
- 2nd Wednesday – CSP Marton

MNI Media Release

New Edition of Trusted Guide to Ageing Now Available for the Mid-North Island

The Eldernet Group has released the latest Mid-North Island edition of *Where From Here – He Ara Whakamua*, a **FREE, comprehensive resource designed to help older people and their whānau navigate their ageing journey.**

Often referred to as the “older person’s bible”, this edition includes up-to-date listings on **all** care homes and retirement villages available across the Mid-North Island, from Hamilton down to New Plymouth. Extensive indexes of home support providers, along with social, kaumātua and day programmes, can also be found inside.

Where From Here – He Ara Whakamua empowers older people and their whānau with clear, unbiased information. Find anything from financial considerations, how to go about choosing a retirement village or care home, why you should get an Enduring Power of Attorney, and much more. The Eldernet Group have compiled all the facts and figures, and interpreted confusing terms, to enable older Kiwis and their families to make informed decisions with confidence.

Where From Here – He Ara Whakamua is also used by healthcare and community service professionals, such as NASC workers, to help inform the people they work with.

“We provide the Where from here books to all our clients and their families, as well as the general public. We love the section about choosing a rest home; it is incredibly helpful for those who have decided it is time to take the next step in their dementia journey.”

– Samantha McGaw, Dementia Waikato

The Mid-North Island edition of *Where From Here – He Ara Whakamua* is now being distributed by local libraries, healthcare providers, community hubs and more. This book can also be accessed online for those who prefer a digital format.

How to get your FREE copy

A list of local distributors is available **on the Eldernet website – www.eldernet.co.nz.**

To view it online, or order a printed copy straight to your house, go to our website or **give us a call on 0800 162 706.**

About Us

For nearly 30 years, The Eldernet Group has been helping older Kiwis make informed choices about their lives. Every year, they publish four regional editions of *Where from here*, tailored to different regions of New Zealand. Their website (www.eldernet.co.nz) offers the country’s most up-to-date directory of rest homes — including **real-time** information on which facilities currently have spaces for new residents — and the most comprehensive list of retirement villages and home support services. For even more independent, impartial guidance, Eldernet’s *Knowledge Lab* provides a wealth of articles on topics ranging from financial assistance, to navigating dementia, to tackling ageism, and more.

Whanganui

Welfare

Guardian Trust

P.O. Box 351
Whanganui 4541
New Zealand

WHO ARE WE?

The Whanganui Welfare Guardian Trust is a charitable trust whose membership:

- recruits
- approves
- trains
- supports and
- allocates vulnerable persons to community volunteers known as Welfare Guardians.

Community volunteers become Welfare Guardians through the Family Court to act on behalf of people who lack the capacity to make or communicate decisions for themselves. All Board members and Welfare Guardians act within the Protection of Personal and Property Rights Act.

WHO IS ON THE TRUST?

The Trust consists of Board people who bring various fields of expertise and experience to ensure the Trust's aims are met.

Board members typically have a background in:

- health
- social work
- aged-care representation
- family court work
- education
- law.

WHO NEEDS A VOLUNTEER WELFARE GUARDIAN?

- Those people who are incapacitated and have no living relatives

- Those people who have no local relatives
- Those people who have relatives but who are deemed unsuitable by the Court for a variety of reasons.

WHO DECIDES THAT A PERSON IS INCAPACITATED AND A WELFARE GUARDIAN IS NEEDED?

A judge from the Family Court may appoint a Welfare Guardian by referring to:

- the application forms and affidavits,
- a recent medical report, and a
- Court-appointed lawyer's report.

WHO CAN BE A WELFARE GUARDIAN?

The person the Court appoints must:

- be 20 or older and capable of carrying out a Welfare Guardian's duties satisfactorily
- be someone who will act in the incapacitated person's best interests
- not have any conflict of interest with the incapacitated person.

WHAT DOES A WELFARE GUARDIAN DO?

A) Unless a Court Order has limited their role a Welfare Guardian can make decisions and consent to acting on the following for the incapacitated person:

- non-urgent medical procedures
- accommodation and care issues
- any day-to-day matters that affect the care and welfare of the incapacitated person.

B) The Welfare Guardian must, by law

- act to promote and protect the incapacitated person's welfare and best interests

Addiction 101

Understanding addiction and recovery

About the workshop

Blueprint for Learning training reflects a philosophy of recovery and empowerment using best practice to help people become full and active members of their communities.

Our workshops use adult education principles, with a variety of activities, videos and teaching tools to cater for different learning styles of participants. In addition, our expert facilitators bring a wealth of professional and personal experience to the topics covered.

Participants will receive a workbook with Addiction 101 notes, additional reading, a directory for support and assistance, and access to a post-workshop e-learning module to assist them to apply what they have learnt.

This workshop is fully funded by the Ministry of Health, there is no cost to participants.

“I have found the workshop excellent and I have a more informed awareness of addiction”

“I have learnt strategies to engage with people about addiction issues and ways in which I can maintain my own wellbeing while doing so”

Across the year, across the country

Addiction 101 can be delivered anywhere in New Zealand, at your place or ours.

We can accommodate up to 24 participants in each face-to-face workshop (9.00am to 4.30pm) or webinar series (over three sessions). Individuals can register to attend a community workshop in your region or for a webinar series through our website.

Blueprint for Learning can run Addiction 101 for a specific industry or workplace as either a face-to-face workshop or webinar series. We will work with you to understand your industry and the people who will be attending to ensure examples are relevant to your workplace.

Co-facilitation

The workshop is co-facilitated by someone who has lived experience of problematic substance use and other behaviour, and someone who has clinical experience working in addiction services. This is a powerful way to explore stigma and discrimination which demonstrates that recovery is possible.

Learning outcomes

After attending Addiction 101 participants will be able to:

- use Te Whare Tapa Whā to understand addiction and recovery
- recognise signs of addiction
- relate brain and body responses to addiction
- respond supportively to people experiencing addiction.

The impact is worth it

Addiction 101 is designed to increase awareness and reduce stigma associated with addiction - both at work and in everyday life. It also provides valuable skills on how to look after your own health and wellbeing.

Delivered face to face or by webinar, Addiction 101 workshops positively impact on the lives and futures of individuals and organisations, as well as our communities.

Highest quality learning

Blueprint for Learning is one of New Zealand's largest training providers in mental health and addiction, dedicated to both workforce development and community training projects.

Our team has delivered more than 1300 workshops to over 30,000 participants since 2008.

Blueprint for Learning is an NZQA accredited Private Training Establishment. We have the highest quality Category 1 External Education and Review rating in education achievement and self-assessment issued by NZQA.

Teaching your teen to drive made easy

Learning to drive can be a stressful and nerve-wracking experience, not just for the learner but also for the parent or coach. Waka Kotahi and ACC have developed [Drive](#), an online hub with all the tools learners and coaches need to get through the learning process together.

Drive is primarily designed to help young people become confident, capable drivers, and provides clear guidance throughout their journey from before they get their learner's licence through to getting their full license. However, parents and coaches can also take advantage of lots of hints and tips to take all the stress out of teaching someone to drive.

Drivers between the ages of 16 and 24 are most at risk of being in road crashes; they make up 13% of licence holders but represent 30% of serious injuries on our roads, and more than 25% of fatalities. Drive has been developed specifically for this age group and is a free, learn-to-drive programme that helps young people get their licence and develop the right habits for a lifetime of safe driving.

For more information you can also have a look at [Teaching your teen to drive made easy \(acc.co.nz\)](https://www.acc.co.nz/teaching-your-teen-to-drive-made-easy)

Stroke Education Groups

These small group education sessions are for anyone affected by stroke. They cover a range of topics and provide an opportunity for you to connect with others also affected by stroke in your community.

Support for Young People

It can be especially hard for young people when a parent or loved one has a stroke. Children and teenagers can call 0800 What's Up (0800 942 8787) to talk to a counsellor for free.

Free resources specifically for young people affected by a parent or loved one's stroke are also available on the Stroke Foundation's website.

Online Café

If you want to connect with others affected by stroke from the comfort of your own home, you can attend the Stroke Foundation's online café. This is a free online meeting held on the second Wednesday of each month at 11AM. Each session has a different speaker and topic relevant to stroke and aiding recovery.

Stroke Groups

You can join a stroke group and connect with others in your community affected by stroke. All stroke groups are different. They may involve exercise programmes and other social activities. There are stroke groups operated by volunteers throughout Aotearoa.

Other Places to Get Help

If your hospital team does not refer you to the services you need to support your recovery, you can ask your family doctor to refer you to additional healthcare professionals. You might do this if you want help to manage your medication, if you need equipment or adaptations to your home to improve your mobility and safety, or if you need in-home support or extra help with your rehabilitation.

Health Coaches and Health Improvement Practitioners work in many general practices and hauora provider teams, and can support you with your health and wellbeing needs and goals. You don't need a referral from your doctor and there is no cost to see them. Call your family health provider to find out what is available in your area.

About the Stroke Foundation

The Stroke Foundation is the national charity dedicated to stroke prevention and improving outcomes for stroke survivors and their whānau. The generosity of individuals allows us to provide every aspect of our life-changing services.

If you want to find out more about donating or fundraising to help protect the lives of people living in your community, please call 0800 45 99 54 or email fundraising@stroke.org.nz

You can call the Stroke Foundation's free helpline for support and guidance. You will be connected to a Community Stroke Navigator who has in-depth knowledge of stroke and the health and disability system. You do not need a referral: anyone can call this helpline, including whānau and caregivers. The helpline is open from 9am-5pm weekdays.

Return to Work Advice and Support

Our specialist Return to Work Advisors are available to assist stroke survivors with employment and work-related advice and support following a stroke. Ask your medical team about eligibility for this service and to make a referral, or give us a call.

Community Stroke Navigators/Kaiārahi

If you need extra support after your stroke, you can ask a health provider to refer you to our Community Stroke Navigator/Kaiārahi service.

This is a free service for stroke survivors with complex needs. If needed, one of our Community Stroke Navigators can provide more in-depth support to aid your recovery.

Online Resources

You can find free resources on the Stroke Foundation's website. These include information sheets on what to expect when you've had a stroke, ways to reduce your stroke risk, practical guidance on caring for someone who has had a stroke, and looking after your physical and emotional wellbeing after a stroke.

Life After Stroke Seminars/Wānanga

To learn more about life after stroke, you can attend a Life After Stroke seminar/wānanga. This is a half day event that the Stroke Foundation provides in communities across Aotearoa. Seminars cover a mix of topics about life after stroke and provide an opportunity to connect with others affected by stroke in your community.

MASSAGE THERAPY

client intake form

I am a degree-qualified Registered Remedial Massage Therapist (Level 7) and Movement Support.

I support children's physical well-being by using evidence-based massage techniques for soft tissues, muscles, and the body's natural structures (musculoskeletal system). Drawing on knowledge of anatomy, biomechanics, and age-related characteristics, I help children's bodies develop harmoniously. My work focuses not only on temporary relaxation but also on easing muscular tension to promote more comfortable and freer movement

Professional Standards & Safety

For your peace of mind, my practice fully complies with New Zealand's healthcare standards:

- Safety: Police Vetting (Education Sector standard) & Comprehensive First Aid Certificate.
- Insurance: Fully insured for Professional Indemnity and Public Liability.
- Southern Cross Easy-Claim: My services can be claimed through Southern Cross (depending on your individual policy).
- Official: Registered self-employed provider; official invoices provided for every session.
- Member of Massage New Zealand

Children & Adolescent Support:

I provide gentle, adaptive methodology for children of all ages – from infants to teenagers. My practice supports:

- Supports natural body alignment (posture), eases "growing pains," supports recovery after physical activity, and helps promote comfortable movement patterns.
- Gentle, individualised support for neurodiverse children and children with developmental differences.
- Supports balanced muscle tone, tissue tension, and eases areas of muscular restriction through Fascial Kinetics, Myofascial Release (MFR), and Neuromuscular Therapy (NMT).
- Helping children develop a better sense of their body's position in space, promoting sensory comfort and body awareness.
- I empower parents by teaching simple, safe home-care techniques to reinforce progress. I value a multidisciplinary approach and am happy to work alongside your GP, Physiotherapist or Occupational Therapist to complement your child's care plan.

If you are looking for professional, evidence-based, and compassionate care for yourself or your child, I would love to help.

Please DM for bookings or enquiries.

We provide Counselling and Family Therapy to individuals, couples and families in the wider Rangitikei district. This geographical area covers the rural towns of Marton (where we are based), Hunterville, Turakina, Ohingaiti, Mangaweka, Taihape and Bulls.

We are an incorporated society managed by a committee of local people. We receive funding to keep our service functioning from a number of different sources which include government agencies and charitable trusts.

Clients can self-refer and we also receive referrals from professional and health services in the Rangitikei district.

Our counsellors are skilled and experienced with professional counselling qualifications, are Members of New Zealand Association of Counsellors (MNZAC) and have strong networks and connections within the Rangitikei area.

We ask our clients for a small donation of between \$5.00 and \$40.00 per counselling session depending on financial ability. However, if it is too difficult to make a donation we are happy to provide Counselling at no charge.

SURVIVING GRIEF

KEI TE TAHA | ALONGSIDE
PEOPLE SUPPORTING PEOPLE

- The aim of this loss and grief programme is to provide support to people through bereavement.
- Trained volunteers will listen and encourage in a non-judgemental way.
- Confidentiality will be respected.
- The service is open to adults 18 years and over who are at least 6 months into their grief journey. However, a trained volunteer is available if personal support is needed before this timeframe.

Surviving Grief is an education programme which explores the effects of change, loss and grief within the safety and support of a small group setting.

The programme consists of

4 sessions held weekly,
each lasting 2 hours.

Two further follow up sessions
are held within the following three months.

Surviving Grief is based on the work of William Worden, who says that healthy grieving involves a number of tasks.

Each of the first four sessions will focus on one of Worden's four tasks of grief:

1. To accept the reality of the loss
2. To work through the pain of grief
3. To adjust to an environment where the deceased is missing
4. To emotionally relocate the person and reinvest emotional energy into life

Gender Affirming Healthcare

pridewhanganui.co.nz/gender-care-whanganui

ABOUT US

Gender Care Whanganui aims to support a person's gender affirming healthcare goals which may include exploration of gender expression, support around social transition, hormone therapy as well as other requirements. Patients will have access to a wide range of services depending on need and personal preference. These services include but are not limited to; a Gender Affirming GP, Peer Support Workers, Clinical Psychologist, Support Groups, Resources/Information, Gender Affirming Products.

THE HOW + THE WHY

Gender Care Whanganui is driven by Pride Whanganui and funded by Te Whatu Ora, Health New Zealand. In the 2022 Budget, the Labour Government announced \$2.2 million in additional funding to assist providers around the country to better provide gender affirming care to gender diverse people.

Associate Minister of Health (at the time of announcement) Dr Ayesha Verrall said, "For far too long gender diverse people have experienced poorer physical and mental health outcomes compared to the general population. Our commitment is to build a health system that treats people with fairness and dignity, that is why we're making sure it becomes more responsive to people who have faced exclusion and prejudice".

GENDER AFFIRMING HEALTHCARE

PEER SUPPORT

APPOINTMENTS

Our Peer Support workers are able to accompany you to appointments, offering emotional support and practical assistance. They can help you navigate the clinic, provide reassurance, and be a sounding board for your thoughts and concerns.

ADDITIONAL

As well as supporting you at appointments, our Peer Support workers are able to connect you with relevant resources, such as support groups, community organisations, or educational materials.

CHECK INS

As a patient paired with a peer support worker you can expect regular check-ins that offer ongoing support.

GP SERVICES

QUESTIONS/ENQUIRIES

At your initial appointment, you can discuss or ask questions around the various aspects of transitioning, including hormone therapy, surgical options, and general health considerations. The GP will provide information, resources, and guidance tailored to your goals and help you navigate the healthcare system with a focus on your well-being and comfort.

GENDER AFFIRMING HORMONE THERAPY

As well as discussing what Gender Affirming Hormone Therapy (GAHT) is and does, our GP will review your medical history, discuss your goals and any concerns you might have and explain the different options available. They will provide detailed information about the potential benefits, risks, and expected outcomes of hormone therapy.

SURGERY REFERRALS

Discussing gender-affirming surgery involves a detailed consultation. The GP will listen to your goals and concerns, explain the different types of surgeries available, and discuss the benefits, risks, and recovery processes associated with each option. They will assess your overall health and readiness for surgery, and guide you through the steps of preparation, including any required evaluations or consultations with specialists.

Pride Whanganui

Pride Whanganui offers a drop-in space three times a week - Wed, Thurs, Fri from 10am-2pm at 64 St Hill Street. They're able to offer 1:1 support, give you information about local support groups or help connect you with additional services or organisations who are advocates for the LGBTQIA+ Community.

Pride Whanganui have support groups for Youth, 18+, 60+ and Parents/Caregivers of LGBTQIA+ people.

Medical alarms for true independence

SECURELY®
Enabling you to live with confidence and independence

What happens when you activate your medical alarm?

How you activate your pendant and communicate to us is outlined in detail in the User Manual that came with your alarm.

Here's a summary of what happens when you press your pendant, or your Fall Detector Pendant is activated.

- Once your pendant is activated you will hear your Base Unit sound an alarm. This alarm goes through to our 24/7 Monitoring Call Centre in Levin where we have operators waiting to assist you.
- We will answer your call by asking if you have a medical emergency and need help.
- If we don't hear from you, we will send an ambulance to your home which we pay for if you are transported.
- If you can talk to us, tell us what is wrong so we can either send an ambulance or notify your emergency contact. If we can't notify your emergency contact (which we listed when we first talked to you) we will send an ambulance which we pay for if you are transported.

Cancelling your alarm

If you pressed your pendant by mistake or your Fall Detector Pendant activated by mistake press the CANCEL or RESET button on your Medical Alarm Base Unit. We have more than one type of medical alarm so check your User Manual on how to do this.

If you don't manage to cancel it quick enough and it activates your Base Unit.

don't worry, let us know when we talk to you that it's a mistake. We will use it as an opportunity to test your alarm strength and check your contact details are up to date.

Paying an ambulance bill

If you are transported to hospital in an ambulance for an emergency, we will pay for it. There is no limit to how many ambulances we pay for (unless you live in a Retirement Village which could have a different agreement with us).

When you receive your ambulance bill post it to us at:

SECURELY
FREEPOST SECURELY
PO BOX 947
TAURANGA 3140

Or you can email us a copy of the invoice to info@securely.nz or you can visit our website and attach a photograph or scanned copy of your invoice on our Contact Us page.

Pendant Testing

We recommend you test your pendant every month. This gets you familiar with using your pendant and talking to us via your Base Unit. The pendant test allows us to make sure your pendant is working correctly and to check your contact details are all up to date.

When testing your pendant, press and hold the activation button. When your Medical Alarm Base Unit receives the signal it will make a sound to let you know. When you then hear one of our operators ask if you need assistance, simply tell them you are testing your alarm.

When you go away

If you are away for more than a few days let us know by pressing your pendant. When we contact you through the Base Unit tell our operator you are going away and when you expect to be back. That way, if we can't get hold of you, we won't send an ambulance.

What happens if you need a new battery or something isn't working as you think it should?

Call us on 0800 865 865.

If you need a new battery for your pendant, we will arrange for a replacement at no cost to you.

What happens if you lose your medical pendant?

Call us on 0800 865 865 to arrange a replacement.

PERS+

The Personal Emergency Response System (PERS) consists of a pendant (neck or wrist) and a main alarm unit.

You can activate the alarm by pressing the pendant or the big red button on the unit.

PERS+ is connected to SECURELY's 24/7 Monitoring Centre via the cellular network, so it doesn't need a landline to work. The main unit plugs into the wall power outlet, but it also has a battery in case of a power outage. Both the wrist and neck pendant run off batteries.

This system is designed to be added on, this is where the + comes in. We can add on to the main unit with other devices, such as Fall Detector Pendant, extra pendants, even smoke and flood detectors.

Family System

You can't always be there to watch your loved ones, but we can.

Our FAMILY system uses sensors to monitor daily activity with "rules" that send an alert if unusual activity is detected.

FAMILY can alert caregivers and family if a door has been left open for a long period, or at an unusual time. It can alert you if the fridge door hasn't been opened after a specified time, which may mean your loved one isn't eating or drinking.

Perhaps best of all, FAMILY sends you a text every morning to let you know your loved one is "awake and active".

Family members and/or nominated caregivers can discreetly monitor a loved one's activity and raise the alarm if something unusual happens.

Any alarm activation via the pendant or main unit goes directly to SECURELY's 24/7 Monitoring Centre.

Medical alarms that leave the others behind

SECURELY®
Enabling you to live with confidence and independence

Fall Detector Pendant

The Fall Detector Pendant automatically detects a fall and sends an alert to SECURELY's 24/7 Monitoring Centre.

It detects a change in acceleration brought about by a fall. Some epileptic seizures have a jerking motion that can also activate the Fall Detector Pendant.

The Fall Detector Pendant also has a push button alarm which you activate if you are able to.

The battery life of a Fall Detector Pendant is up to 2 years. If your battery runs low an alert is sent to our Monitoring Centre. We will at no charge send a replacement pendant out to you.

Like all of our pendants the Fall Detector Pendant is waterproof and we recommend that you never take it off, not even when you shower, as bathrooms are high-risk areas for falls.

GO

Our mobile medical alarm

We've got you covered inside your home, but what about when you leave your house to go shopping or on vacation? GO is our mobile medical alarm that you can take with you.

It works wherever there is reliable cellphone coverage and it uses GPS to help locate you in an emergency. It has 2-way communications so we can talk to you when you activate the alarm and find out how we can help you.

Once you activate your pendant, it works like any other of our alarms.

You will be connected to our 24/7 Monitoring Centre who will ask whether you need help. The monthly fee includes 24/7 Monitoring (365 days per year) and unlimited ambulances (if called for an emergency and you are transported to hospital).

At no extra cost, you can have the Fall Detection option (when worn as a pendant around your neck only) and you can choose to wear your pendant around your neck or attach it to your car keys.

GO is water-resistant and can be used in the shower or worn at the beach.

Contactless delivery

When you order GO, we'll call you to get everything sorted. GO will be covered to your home (or work address) and we will help you get GO set up over the phone.

Call **0800 865 865** for a free no obligation quote and product demonstration.

SECURELY® is MSD accredited which means you may receive funding for a medical alarm if you are eligible.

Could you hear your smoke alarm if there was a fire?

All conventional smoke alarms in New Zealand emit a high pitched sound which can be difficult for people with age or noise related hearing loss to hear, especially when their hearing aids are removed at night for sleeping.

If you, or someone you know has a hearing loss it could be worthwhile checking if they can hear their conventional smoke alarm especially during the night.

If not please email [Life Unlimited Hearing Therapy](mailto:LifeUnlimitedHearingTherapy) or phone 0800 008 011 for a free assessment.

Our hearing therapists are qualified assessors for this specialised equipment.

There is some funding available where specific criteria are met.

COMMUNITY WELLNESS TALKS

The Hidden Cost of Missed Days Due to Poor Health

Did you know? Great Minds Chiropractic offers spinal health talks and advice for local community groups, schools, and workplaces! We're passionate about educating our community on how to live healthier, pain-free lives through better spinal care. We can offer posture analysis, posture checks or speak to an audience

Prevention = Better Well-Being

A healthier community leads to a stronger, more active lifestyle. At Great Minds Chiropractic, we help keep you feeling your best with:

- ✓ Wellness Workshops - Practical tips for better posture, stress relief, and daily movement.
- ✓ Spinal Health Screenings - Early detection of spinal issues before they worsen.
- ✓ Ergonomic Assessments - Guidance on optimizing daily habits to prevent strain.

Studies show chiropractic care reduces pain, improves mobility, and enhances overall well-being (RxWellness, 2024). Regular adjustments support circulation, lower inflammation, and promote faster recovery (Rocket City Chiropractic, 2024).

Better Health = Better Living

Prioritising well-being leads to fewer aches, more energy, and improved daily performance.

Take the next step toward feeling your best—contact us today!

MEN'S HEALTH WEEK TIP SHEET 3

menshealthweek.co.nz

Heart Health

Heart disease is the biggest killer in New Zealand, and accounts for one third of all deaths each year.

WHAT'S YOUR SCORE?
HEARTLAND

Coronary artery disease (CAD) is the most common heart disease. The arteries that supply blood to your heart muscle (the coronary arteries) become hardened and narrowed due to the buildup of cholesterol and other material, called plaque, on their inner walls.

This build-up is called **atherosclerosis** and as it grows, less blood can flow through the arteries and the heart muscle can't get the blood or oxygen it needs. A gradual blockage can result in angina, while a sudden or severe blockage can cause a heart attack or cardiac arrest. The heart muscle can also weaken and cause blood pumping problems or irregular heart beat issues.

Risk factors for coronary artery disease

Some risk factors you can't do anything about. These include age, ethnicity, gender, personal or family history of heart attack or stroke.

Other risk factors you can change. Your risk of developing CAD is increased if you:

- smoke
- have high blood pressure (hypertension)
- have a high blood cholesterol level
- don't exercise regularly
- have diabetes
- are overweight

Get a check - it's easy

A heart and diabetes check works out your risk of having a heart attack or stroke in the next 5 years. It will also tell you if you have diabetes or pre-diabetes.

The check lets you know what your risk is and gives you the chance to talk to your doctor about ways to improve your health and lead a healthier life.

It's quick, painless and it might just save your life.

When should men have a heart and diabetes check?

You should get a heart and diabetes check if you are in one of these groups:

- Māori, Pacific and South-Asian men over 30
- European men over 45
- you have a family history of heart problems

More information about heart and diabetes checks and heart disease is available through the Heart Foundation website.

MEN'S HEALTH WEEK TIP SHEET 4

Blood Pressure - the silent killer

So you have had a check up and your doctor tells you that you have high blood pressure. What does that mean?

WHAT'S YOUR SCORE?
HEARTLAND

Blood gets pumped around the body when our hearts fill and contract, putting pressure on the arteries.

This pressure is highest when leaving the heart and lowest when it returns.

Measuring and describing these (high/low numbers) gives your blood pressure.

Ideally you are 120/80 (120 over 80) or lower.

High Blood Pressure - Hypertension

Hypertension occurs when there is too much pressure in your blood vessels. This can damage your blood vessels and cause health problems. Think too much air in your tyres.

Anyone can develop high blood pressure, but it becomes more common as you get older. High blood pressure can lead to strokes, heart attacks, heart and kidney failure. It's a silent killer because we only know it when we measure it.

Anything over 140/90 and you need to start lowering it.

What to do?

1. **Get checked regularly. High blood pressure has no warning signs or symptoms. It's silent. Know your numbers and know your risk.**

2. **Your doctor may prescribe medications. Take them.**

3. **Do the sensible stuff: moderate physical activity, eat lots of fruits and vegetables, maintain a healthy weight, cut down on salt and booze, avoid processed meat, and don't smoke.**

4. **Remember - start small and big changes can come. But start.**

Blood pressure tests are quick and easy. You can do them at doctors, pharmacies, other health providers or even at home.

The single most important thing that a person with high blood pressure can do is to have an ongoing relationship with a primary care provider. Go to your doctor, establish what your blood pressure is, and then when that changes, your doctor will recommend steps that will keep you from the clutches of the world's biggest 'silent killer'.

Big takeaway: Have your blood pressure checked at least once every year by a health care provider, or more often if your blood pressure is high.

Blood Pressure	Systolic mm HG (TOP NUMBER)	AND	Systolic mm HG (TOP NUMBER)
Normal	<120	AND	<80
Elevated	120 - 129	AND	<80
High Blood Pressure (STAGE 1 HYPERTENSION)	130 - 139	OR	80 - 89
High Blood Pressure (STAGE 2 HYPERTENSION)	>140	OR	>90
Hypertensive Crisis (SEEK MEDICAL ATTENTION)	>180	AND/OR	>120

St John Health Shuttle

St John Health Shuttles operating between Wanganui and Palmerston North

- Health Shuttle bookings should be made at least 24hrs before your appointment.
- Health Shuttles are provided as a community service, and your donation to the driver assists us to keep the service running.

Please phone **0800 266 547** between 8:30am and 2pm, Monday to Friday to book for health-related appointments.

The Waka Ora Health Shuttle is a koha (donation) based community service, delivered by volunteers, that transports people to health and wellbeing related appointments, and then brings them home again.

Keeping our communities healthy

For people who have regular medical appointments, their local Waka Ora Health Shuttle is a lifesaver. They book a ride knowing that our reliable shuttles will get them there in plenty of time.

Ngā Tohu Whakaora e 3 3 Steps for Life

3 Steps for Life is designed to give all New Zealanders the confidence and awareness to take action when somebody suffers a cardiac arrest by:

- 1. Calling 111**
- 2. Starting CPR**
- 3. Using an AED**

A 3 Steps for Life Awareness Session is for all members of the community to introduce them to life saving skills for people in a cardiac arrest. The awareness session will cover basic CPR and AED skills. Anyone can participate, and the course is completely free of charge. An awareness session is approximately one hour long.

To register your interest in the Awareness Programme, send your name, location and how many people you would like to attend to 3stepsforlife@stjohn.org.nz.

Supporting independent living

No need to miss essential appointments or ask friends and whānau to take time out of their day. Waka Ora Health Shuttles are a great option if you don't drive, if public transport or taxis aren't available where you live, or if you can't rely on them.

An easy way to get to your health appointments

We can arrange to pick you up from your home or another meeting point to take you to doctors visits, dental appointments, specialist appointments, day-surgery, or any other type of health or wellbeing appointments.

We're here to make it easy for you to get to your important appointments!

Well-trained volunteers

Our friendly and fully trained volunteers pick you up and take you to where you need to go.

Special transportation

Some of our shuttles are fitted with hoists or wheelchair access, for clients with limited mobility.
